

§611.102

10 CFR Ch. II (1–1–10 Edition)

project, including relevant data and assumptions justifying the analysis, and copies of any contractual agreements for the sale of these products or assurance of the revenues to be generated from sale of these products;

(h) Financial statements for the past three years, or less if the applicant has been in operation less than three years, that have been audited by an independent certified public accountant, including all associated notes, as well as interim financial statements and notes for the current fiscal year, of the applicant and parties providing the applicant's financial backing, together with business and financial interests of controlling or commonly controlled organizations or persons, including parent, subsidiary and other affiliated corporations or partners of the applicant;

(i) A list showing the status of and estimated completion date of applicant's required project-related applications or approvals for Federal, state, and local permits and authorizations to site, construct, and operate the project, a period of 5 years preceding the submission of an application under this part;

(j) Information sufficient to enable DOE to comply with the National Environmental Policy Act of 1969, as required by §611.106 of this part;

(k) A listing and description of assets associated, or to be associated, with the project and any other asset that will serve as collateral for the Loan, including appropriate data as to the value of the assets and the useful life of any physical assets. With respect to real property assets listed, an appraisal that is consistent with the "Uniform Standards of Professional Appraisal Practice," promulgated by the Appraisal Standards Board of the Appraisal Foundation, and performed by licensed or certified appraisers, is required;

(l) An analysis demonstrating that, at the time of the application, the applicant is financially viable without receipt of additional Federal funding associated with the proposed project, and that there is a reasonable prospect that the Applicant will be able to make payments of principal and interest on the loan as and when such payments become due under the terms of the loan

documents, and that the applicant has a net present value which is positive, taking all costs, existing and future, into account. This information must include, from publicly traded companies, relevant filings with the Securities and Exchange Commission;

(m) Written assurance that all laborers and mechanics employed by contractors or subcontractors during construction, alteration, or repair that is financed, in whole or in part, by a loan under this Part shall be paid wages at rates not less than those prevailing on similar construction in the locality, as determined by the Secretary of Labor in accordance with 40 U.S.C. sections 3141–3144, 3146, and 3147;

(n) Completed Form SF-LLL, as required by 10 CFR Part 601; and

(o) Other information, as determined necessary by DOE.

§611.102 Eligible project costs.

(a) Eligible costs are:

(1) Those costs that are reasonably related to the reequipping, expanding, or establishing a manufacturing facility in the United States to produce qualifying advanced technology vehicles or qualifying components;

(2) Costs of engineering integration performed in the United States for qualifying vehicles or qualifying components;

(3) Costs for payment with loan proceeds that are incurred, but not yet paid by the borrower, after a substantially complete application has been submitted to DOE; and

(4) Costs incurred after closing of the loan.

(b) In determining the overall total cost of an Eligible Project, DOE and the applicant may include significant costs already incurred and capitalized by the applicant in accordance with Generally Accepted Accounting Principles and these costs may be considered by DOE in determining the Borrower's contribution to total project costs.

§611.103 Application evaluation.

(a) *Eligibility screening.* Applications will be reviewed to determine whether the applicant is eligible, the information required under §611.101 is complete, and the proposed loan complies

Department of Energy

§611.106

with applicable statutes and regulations. DOE can at any time reject an application, in whole or in part, that does not meet these requirements.

(b) *Evaluation criteria.* Applications that are determined to be eligible pursuant to paragraph (a) of this section shall be subject to a substantive review by DOE based upon factors that include, but are not limited to, the following:

(1) The technical merit of the proposed advanced technology vehicles or qualifying components, with greater weight given for factors including, but not limited to:

(i) Improved vehicle fuel economy above that required for an advanced technology vehicle;

(ii) Potential contributions to improved fuel economy of the U.S. light-duty vehicle fleet;

(iii) Likely reductions in petroleum use by the U.S. light-duty fleet; and

(iv) Promotion of use of advanced fuel (e.g., E85, ultra-low sulfur diesel).

(2) Technical Program Factors such as economic development and diversity in technology, company, risk, and geographic location.

(3) The adequacy of the proposed provisions to protect the Government, including sufficiency of Security, the priority of the lien position in the Security, and the percentage of the project to be financed with the loan.

(4) In making loans to those manufacturers that have existing facilities, priority will be given to those facilities that are oldest or have been in existence for at least 20 years even if such facilities are idle at the time of application.

§611.104 [Reserved]

§611.105 Agreement.

(a) Only an Agreement executed by a duly authorized DOE Contracting Officer can contractually obligate the government to make a loan made by and through the Federal Financing Bank with the full faith and credit of the United States government on the principal and interest.

(b) DOE is not bound by oral representations made during the Application stage, or during any negotiation process.

(c) No funds obtained from the Federal Government, or from a loan or other instrument guaranteed by the Federal Government, may be used to pay administrative fees, or other fees charged by or paid to DOE relating to the section 136 loan program.

(d) Prior to the execution by DOE of an Agreement, DOE must ensure that the following requirements and conditions, which must be specified in the Agreement, are satisfied:

(1) The Borrower is a Eligible Applicant as defined in this part;

(2) The Agreement is for an Eligible Project as defined in this part;

(3) The principal amount of the loan is limited to no more than 80 percent of reasonably anticipated total Project Costs;

(4) Loan funds will be disbursed only to meet immediate cash disbursement needs of the Borrower and not for investment purposes, and any investment earnings obtained in excess of accrued interest expense will be returned to United States Government; and

(5) Such documents, representations, warrants and covenants as DOE may require.

§611.106 Environmental requirements.

(a)(1) *In general.* Environmental review of the proposed projects under this part will be conducted in accordance with applicable statutes, regulations, and Executive Orders.

(2) The applicant must submit a comprehensive environmental report. The comprehensive environmental report shall consist of the specific reports and related material set forth in paragraphs (d) through (f) of this section.

(3) The regulations of the Council on Environmental Quality implementing NEPA require DOE to provide public notice of the availability of project specific environmental documents such as environmental impact statements, environmental assessments, findings of no significant impact, records of decision etc., to the affected public. See 40 CFR 1506.6(b). The comprehensive environmental report will provide substantial basis for any required environmental impact statement or environmental assessment and findings of no significant impact, pursuant to the procedures set forth in 10 CFR 1021.215.
